

get your career on track

Direct Rail Services provides safe and secure rail freight transport to the Nuclear Industry and General Freight Sector, that is now officially the UK's best performing service. As part of the company's sustained expansion, which has resulted in major new contracts with high profile supermarkets, as well as other commercial contracts, **DRS** are recruiting for a series of new **Train Driver** vacancies at a number of locations across the Country.

Now OFFICIALLY the UK's best performing rail freight operator.

Qualified Train Drivers

Competitive salary

plus benefits with up to an additional 5% bonus.

DRS are currently recruiting qualified train drivers for existing depots throughout the country and for a new site at Daventry. Applicants must have at least two years' train driving experience and a solid knowledge of the rules and regulations governing their crucial position. A close focus on maintaining DRS' exceptional safety standards, a flexible approach to working and a positive outlook are also essential.

The ideal candidates will have the initiative to work independently, but must also work successfully as part of our friendly, coherent team.

Applicants must hold a full UK car driving licence and meet the required medical standards. In return DRS offers an attractive salary, bonus, pension and healthcare schemes, 33 days leave and (if approved) relocation assistance.

DRS Recruitment Open Days

As a result of it sustained growth within the rail freight sector, DRS is holding **Recruitment Open Days at Derby and Birmingham**. We're looking for Qualified Train Drivers throughout the UK at locations including Inverness, Grangemouth, Sellafield, Carlisle, York, Crewe, Daventry, Stowmarket and London, with special emphasis on positions at the new Daventry depot.

Birmingham Recruitment Open Day

10:00-20:00 21/22 February 2012
Britannia Hotel, New Street, Birmingham B2 4RX.

Derby Recruitment Open Day

10:00-20:00 28/29 February 2012
The Hallmark Inn, Midland Road, Derby DE1 2SL.
